Internal Energy Generate

Empowering the Future with IEG Technology

Invented by : Ajay Choudhary

Ajay Choudhary
Inventor, Scientist

Ajay Choudhary - The inventor of Internal Energy Generate (IEG) technology.

A visionary leader with extensive experience in the clean energy sector,
Played a pivotal role in pioneering self-sustaining, renewable energy solutions that eliminate reliance on external power sources.

Began his groundbreaking research in 1993-94 and achieved a significant breakthrough in 2003 by inventing the Internal Energy Generate self-charging generator. His pioneering efforts were personally recognized and appreciated by Dr. A.P.J. Abdul Kalam, former President of India, in 2011-12.

Ajay's strategic vision ensures that IEGVPL exceeds industry standards in sustainability and efficiency.

He fosters industry partnerships to accelerate adoption of carbon-neutral solutions globally Through his dedication, IEG Technology continuously expands its innovative product offerings, positioning the company as a global leader in renewable energy solutions.

Patents & Innovations

1. **Internal Energy Generation (IEG)** - Granted in 2022, effective from 2011 - Enables autonomous power generation without external energy dependency.

2. **Regeneration of Internal Energy** - Granted in 2025 - Advances the efficiency of energy systems through innovative internal energy regeneration methods.

To,
Shri. Ajay Choudhary
Patent No. 391051 on two-wheeler EV, Nagpur.

Subject: Demonstration of patented technology of Internal Energy Generating System- Reg.

Dear Shri Ajay Choudhary,

This is in reference to the subject demonstration done by the team.

We are pleased to see the demonstration and appreciate the efforts and innovation done with regards to the generation of power which is being done internally without any external charging requirement to fuel the vehicle. We truly appreciate the technology and wish you the best of luck in taking it forward to the nation.

Best Regards,
(Bhimaraya Metri)

Our Technology

IEG group of Companies is in the business of providing clean, sustainable and renewable energy product-based solution to Battery Based products and an effective alternate to Electricity running appliances & equipment's.

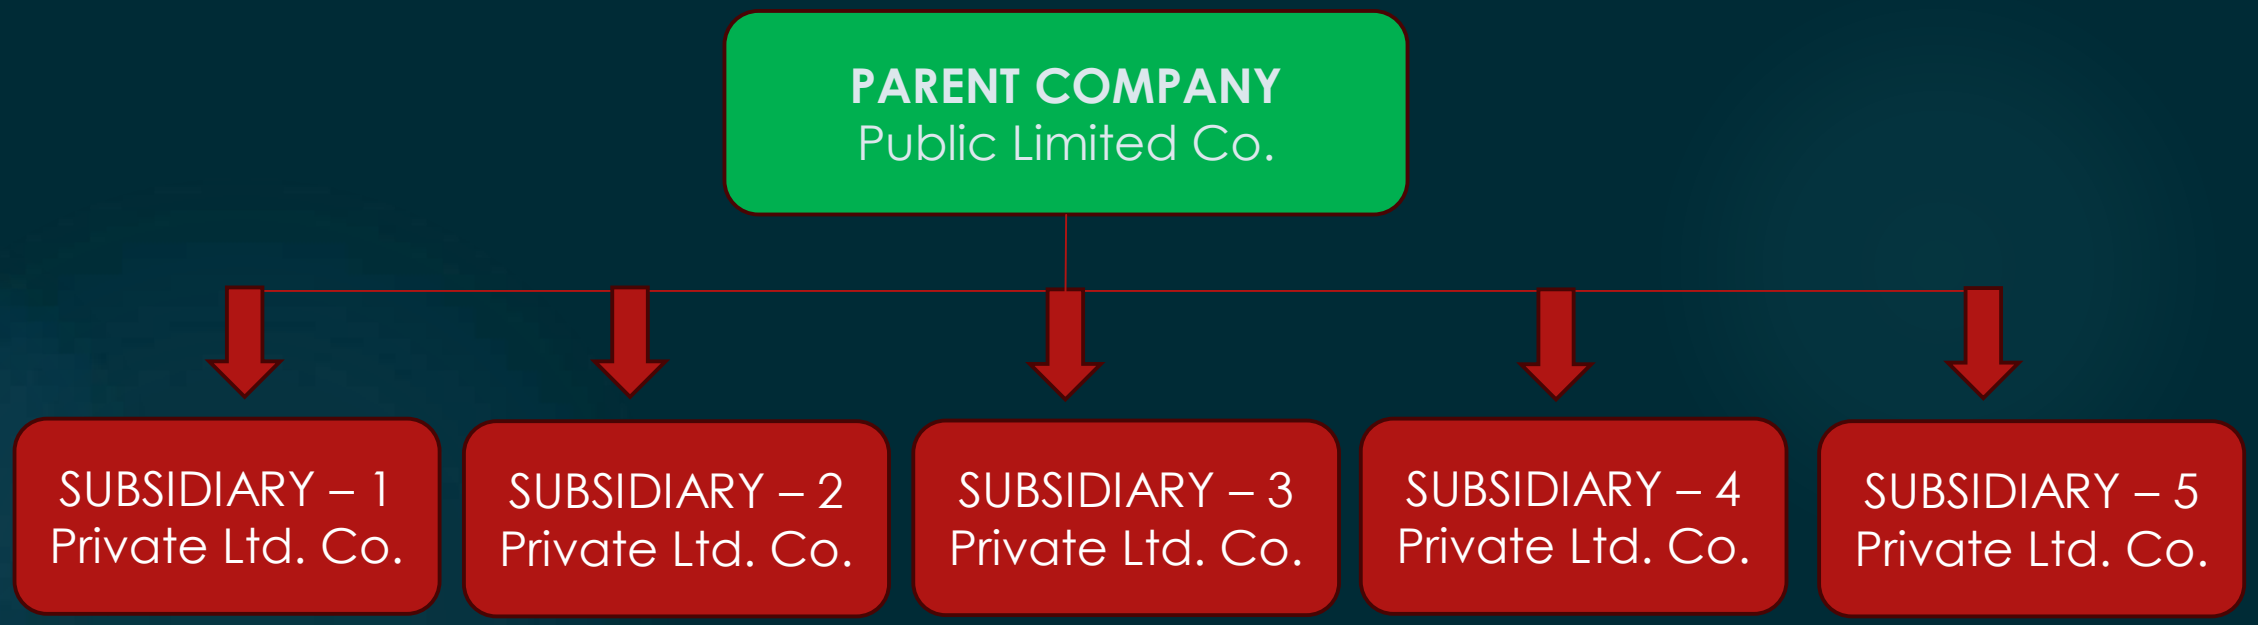
Efficiency and Reliability

IEG technology is designed for optimal energy efficiency, ensuring that systems can operate for longer periods while minimizing energy loss. This makes our solutions ideal for powering various applications in both commercial and domestic settings.

Versatile Applications

IEG technology can be adapted to meet a wide range of energy needs. From powering electric vehicles to providing energy for industrial machinery or home appliances, our systems are versatile and reliable.

Proposed Group of Companies Structure Overview



Ownership in Subsidiaries

IEG Parent Company – 55% Shareholding

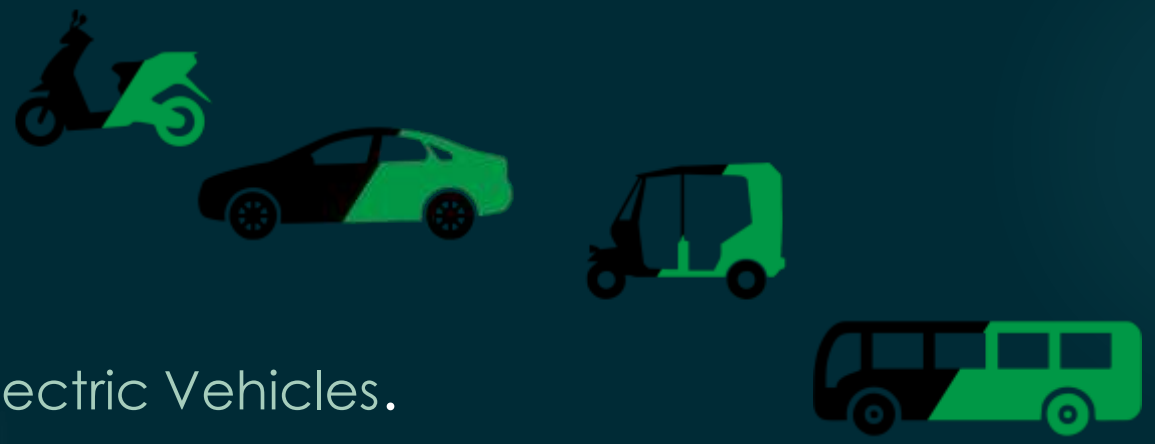
Investor Group – 45% Shareholding

Subsidiary 1

Segment: Electric Vehicles

Chargers for

- ✓ Electric 2 Wheelers
- ✓ Electric 3 Wheelers
- ✓ Electric 4 Wheelers
- ✓ Heavy Commercial Electric Vehicles.



Feature

- ❑ Self-charging systems
- ❑ Grid-independent operation
- ❑ Fast-charging and high-efficiency modules

Subsidiary 2

Segment: Home Appliances

- IEG Electric Stove (Chullah)
- Portable IEG Generator up to 5kW
- Applications: Rural electrification, Urban backup, Disaster relief

Subsidiary 3

Segment: Consumer Electronics

- ✓ IEG Mobile Chargers, Laptop Chargers
- ✓ IEG-Powered Air Conditioners
- ✓ Benefits: Portable, Eco-friendly, Self-powered

Subsidiary 4

Segment: Commercial Power Solutions

- ✓ Industrial electric generator units
- ✓ Utility-scale solar energy plants

Subsidiary 5

Segment: Motor Efficiency

- ✓ Retrofitting motors with IEG technology
- ✓ Applications: Pumps, HVAC, Industrial motors
- ✓ Benefits: Energy savings, Reduced costs

Proposed Shareholding Model

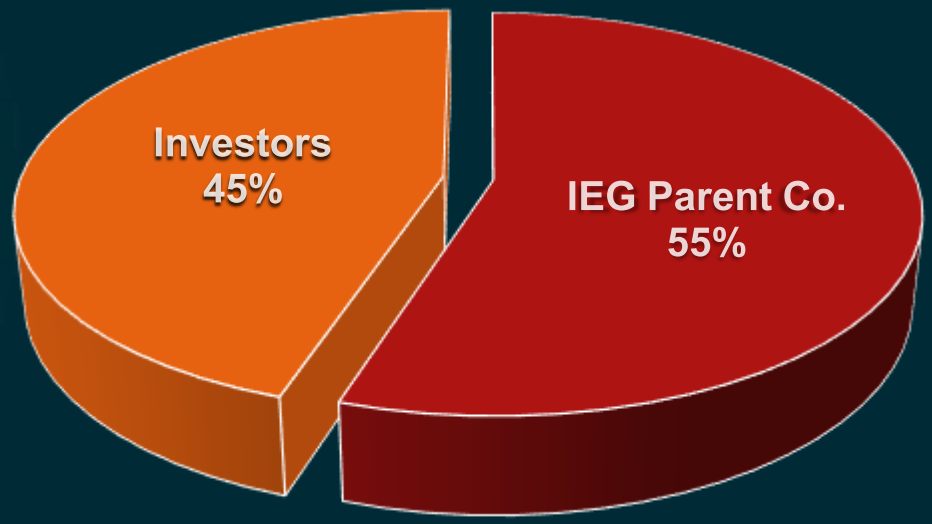
Ownership Structure in Subsidiary Company

IEG Parent Co. : 55% (Technology Promoter)

Investor Stake : 45% (Capital & Expansion)

Private Limited Company structure under Indian Companies Act

Share



Production Status

Sample Pieces under Production

- IEG E rickshaw Charger
- IEG Electric Chullah
- IEG Domestic Power Generator

Action Plan for Sample-Based Deployment

- ✓ Distribute product samples to identified potential buyers for integration and product-level testing.
- ✓ Secure B2B purchase orders based on successful evaluations and buyer feedback.
- ✓ Initiate component manufacturing through our network of pre-approved vendor partners.
- ✓ Carry out final assembly operations at our dedicated facility in Vapi, Gujarat.
- ✓ Begin delivery and supply of the finalized products within 120 days from the date of order confirmation.

Project Implementation

The projects will be fully commissioned within 12 months of receiving 100% of the funding. A significant number of potential orders are already lined up, with customers expressing strong intent to place them upon project commencement.

Formation of Subsidiary Companies –
The Execution Roadmap

Step 1:
A comprehensive Detailed Project Report (DPR) will be made available within 30 days from the date of signing the Memorandum of Understanding (MoU) with the investor.

Step 2:
Formation of the Private Limited Company will be completed within the subsequent 30 days.
Capital Structure:
- IEG Partent Company will contribute its proprietary technology/product as capital.
- The Investor shall fund 80% of the total project cost.
- The remaining 20% shall be raised as a project loan from reputed financial institutions.

Step 3:
Procure or lease a Corporate Office located in a Central Business District (CBD) of Mumbai, ensuring strong accessibility and brand visibility.

Step 4:
Establish a large-scale manufacturing facility within 180 days, capable of meeting the projected demand for high-volume production.

Governing Body Structure of the Subsidiary Company

The Board of Directors shall comprise:

- One Director nominated by IEG Parent Co.(IEGVPL)
- One Director nominated by the Investor
- One Independent Director appointed jointly by both parties

Banking & Financial Authority:

All bank transactions and official signatories shall be jointly authorized by the Director representing IEG and the Director representing the Investor.

Vision for the Future

Strategic Expansion

- ✓ Unified brand: **"IEG – The Power Within"**
- ✓ Manufacturing hubs: Vapi, Gujarat
- ✓ R&D Centers: Mumbai
- ✓ International expansion via licensing model

Thank You
